We can offer a variety of recording setups and are happy to find the right one for your project. The setups can vary from a full band in front of 1 mic arrangement, directly to one of our tube tape recorders to a full band recording track by track. Nevertheless we think that most of the time, being together in our live room, playing and creating new music, is the way to go and we want to facilitate that with our infrastructure.

Please let us know your ideas, so we can find the type of setup, that suits you the best.
